**2020/21 Rehabilitation Photographic Register**

Please refer to **Figure A** for locations of photographs and **Table A** for the 2020/21 Rehabilitation Photographic Register. For historical purposes the previous photographic monitoring completed prior to 2021 will remain in Appendix 7.

**Notes:** Annual photos of rehabilitation activities during the reporting period were provided in Appendix 7 and provided an historical account of the performance of primarily cover crops, until the performance and completion criteria for BVT and Regent Honeyeater habitat relevant to the Mine’s rehabilitation areas was approved on the 24 April 2019.

WCPL are in the process of establishing new photographic monitoring points in select rehabilitated areas of the mine. The result of the new photographic monitoring will be provided in the 2022 Annual Review. Subsequently Appendix 7 will be updated with the 2022 photographic monitoring points.
